

RELEASE NOTES

November 2014 Release Notes

November updates include:

- **Pharmacy Spotlights enhancements**

Pharmacy Spotlights enhancements

Castlight is expanding the functionality of Spotlights in Castlight Pharmacy to improve the targeting of drug tiers. This change will include:

- Ability to target spotlights by drug tier such as Preventive, Maintenance, Generic, Brand, Specialty, etc. based on an employer's plan.
- Allows users will be able to see benefits information pertaining to different drug tiers.
